

2027 Summer Analyst, Investment Banking, Renewable Energy

Location: New York, NY and San Francisco, CA

Company Overview:

CG/ CRC-IB is a full-service investment bank providing industry-leading financial services across the energy transition. In January 2026, CRC-IB was acquired by Canaccord Genuity Group to deliver M&A, project finance, capital raising, and strategic advisory services to public and private companies and financial sponsors across the renewable energy, commercial, and industrial sectors, leveraging Canaccord Genuity's globally integrated M&A advisory and ECM-driven capital markets capabilities. Canaccord Genuity Capital Markets is the global capital markets division of Canaccord Genuity Group Inc. (TSX: CF), offering institutional and corporate clients idea-driven investment banking, mergers and acquisitions (M&A), research, sales and trading services with capabilities in North America, the UK & Europe, Asia, and Australia. We are committed to providing value-driven services to our clients throughout the entire lifecycle of their business and operating with high standards of excellence as an independent investment bank – expansive in resources and reach, but targeted in industry expertise, market focus and individual client attention. We are driven by your success. For more information, visit www.crc-ib.com and connect with us on [LinkedIn](https://www.linkedin.com/company/crc-ib).

Job Summary:

CRC-IB conducts renewable energy project finance transactions with a focus on tax equity, buy and sell side M&A, strategic partnerships and equity and debt raises. Our typical engagements include debt, equity and tax equity capital raising, advisory work and project acquisition. We are looking for someone who shows a genuine interest in learning from our highly experienced team.

As a Summer Analyst, you get first-hand experience working on live deals. You will perform the typical duties of an Analyst with guidance and training from your deal team. Be prepared to hit the ground running as the workload can be demanding. Your experience at CRC-IB will prepare you for a successful career in renewable energy finance.

Responsibilities include:

- Conduct industry and project level research
- Contribute to the due diligence process
- Support team with financial modeling and analysis
- Interact with clients' teams on a regular basis
- Create and edit slides for business development pitch decks. Craft the message to our prospective clients

Requirements:

- Bachelor's or Master's degree candidate in an analytical field, relevant coursework in Economics, Finance, Accounting and Energy
- Demonstrated interest in renewable energy and a career in Investment banking
- Competitive, yet collaborative approach with strong communication and ability to influence others

- Demonstrated leadership capability based on either academic, extracurriculars or professional experience
- Financial modeling knowledge required, strong Microsoft Excel skills
- Solid organizational skills and attention to detail with a demonstrated ability to multi-task
- Internships are available in New York and San Francisco; please indicate which location you are applying for in your application

To apply, please send a cover letter and resume/CV to careers@crc-ib.com. ***CRC-IB is an equal opportunity employer.***
